

Fig. 1

Fig. 2A

A 3D perspective diagram of a cube-like structure composed of a grid of smaller cubes. The structure is divided into two main sections. The front section is a 4x4x4 cube. The back section is a 4x4x4 cube shifted one unit back and to the right. The front face of the front section is labeled with '4' at the bottom left and bottom right corners. The top face of the front section is labeled with 'K' at the top left and top right corners. The back face of the back section is labeled with 'K' at the top left and top right corners. The diagram illustrates a 3D grid with dimensions 4, 4, and K.

Fig. 3B

Figure 4b is a 10x10 grid with a checkerboard pattern of white and dotted cells. A central 4x4 area is filled with a dense, dark, swirling pattern. The grid is labeled with 'X' at the top and bottom, and 'Y' on the left and right sides. A label '4b' is at the bottom right.
